MANY INDICTED IN FEDERAL COURT

Twenty Plead Not Guilty to
Smuggling Ammunition
and Arms.

Routine in the United States district court started off with a rush Tuesday afternoon with the return to the city of judge W. T. Burns who has been absent a week. The grand jury had a big bundle of indictments ready, and 27 men who have been in jail were brought before the grand jury. They were charged with conspiracy to ship arms into Mexico and all pleaded not guilty.

Cases Disposed Of.
Mar Jack, alias Jack Sing, having smoking opium in his possession, discharged; Fred G. Iby, mailing packages containing liquor, pleaded guilty, fined \$50; Clem F. Fry, negro, smuggling opium, pleaded guilty, three months in jail; Frank Green, forging signature to postoffice order, suspended sentence; J. R. Brown, illicit mail liquor selling, 30 days in jail and a fine of \$100.

the present alleged bribery investigation is concerned. Late today friends of the accused men offered in the house a resolution to expel the members and declare their seats vacant. This was defeated by a vote of 22 to 10 and a motion to reconsider was laid on the table.

Governor Makes Appointments.

Gov. McDonald today sent the following appointments to the senate: State game and fish warden, Trinidad, C. D. Baca, Wagon Mound, to succeed Thomas P. Gable; State board of education, Frank H. P. Roberts, A. M. P. H. D., of East Las Vegas; C. M. Light of Silver City, Bonifacio Montano, all of Las Vegas, were confirmed; Roswell, Bronson M. Cutting, of Santa Fe; Jesus Romero, of Albuquerque, and colonel J. D. Hand, of Los Alamos, on the governor's staff. Brooks is a regular army captain on the retired list and formerly served at Fort Bliss.

Gen. Brooks Reappointed.

Governor McDonald today reappointed A. S. Brooks assistant general of the state; major S. A. Milliken, of Silver City, surgeon general of the national guard; colonel J. W. Wilson, of Roswell, Bronson M. Cutting, of Santa Fe; Jesus Romero, of Albuquerque, and colonel J. D. Hand, of Los Alamos, on the governor's staff. Brooks is a regular army captain on the retired list and formerly served at Fort Bliss.

The First Clash.

The first real clash of the Republican senate with the Democratic governor came when the senate refused to confirm the appointment of John W. D. Veeder, of Las Vegas, for trustee of the New Mexico Normal university. The other nominees for trusteeship of the Normal university, M. W. Browne, Charles Hildred, F. E. Olney and Eugene Romero, all of Las Vegas, were confirmed. Veeder's name was rejected by a vote of 13 to eight.

In both houses, a letter from former delegate William H. Andrews was read urging a senatorial preferential primary at the November election to choose a successor to senator Albert B. Fall.

Reopens Boundary Dispute.

Among the bills introduced in the senate was one by senator Holt that would reopen the Texas-New Mexico boundary dispute, which congress thought it settled by passing a measure before the enabling act became a law. Now that New Mexico is a sovereign state on an equal footing with Texas, it will insist on regarding the slices on the eastern and southern boundaries which New Mexico claims Texas took from it wrongfully.

the direct legislation features and especially of the judiciary recall.

There has also been some little talk of Judge Kent, who finished a nine year judicial term in this territory with the admission of Arizona as a state. It is hardly supposable, however, that Kent would be acceptable to president Taft. He is one of the numerous Roosevelt Harvard classmates and was an appointee of the former president. Also, Judge Kent has recently come out in a letter in defense of Col. Roosevelt's pet idea of the recall of judicial decisions, though he declares himself unalterably opposed to the recall of judges.

SPEAKER R. L. BACA ACHIEVES VICTORY

Forms House Within House
Composed of Majority
of His Liking.

Santa Fe, N. M., April 10.—Speaker R. L. Baca today achieved the final triumph over those who were fighting his domination in the house, by appointing a committee of ways and means that includes the majority of the members of the house, forming a house within a house, consisting of eight Democrats, three Progressives and 19 Republicans.

All bills regarding revenue or carrying any appropriations, or having any financial bearing, will be referred to this committee, and as the speaker stated, if this committee recommends their passage it will be equal to passage, for the committee has the majority of the house.

The four members who have been ex-omnated of the bribery charges are all named on this committee.

A bitter fight with the senate for the rest of the session will ensue.

Will Hold Seats Permanently.

Why Should a Chicken

Lay a Soft-Shelled Egg?

Because, Willie, the chicken don't know how to create a hard shelled egg unless it has some food with lime in it.

So chicken-raisers often provide limestone gravel, broken oyster shell or some other form of lime.

Let the chicken wander free and it finds its own food and behaves sensibly. Shut it up and feed stuff lacking lime and the eggs are soft-shelled.

Let's step from chickens to human beings.

Why is a child "backward" and why does a man or woman have nervous prostration or brain-fag? There may be a variety of reasons but one thing is certain.

If the food is deficient in Phosphate of Potash the gray matter in the nerve centres and brain cannot be rebuilt each day to make good the cells broken down by the activities of yesterday.

Phosphate of Potash is the most important element Nature demands to unite albumin and water to make gray matter

Grape-Nuts food is heavy in Phosphate of Potash in a digestible form.

A chicken can't always select its own food, but a thoughtful man can select suitable food for his children, wife and himself.
